

Cloud Video Surveillance

RESELLER PROGRAM

Connect your Customers to the Cloud and Start Earning Recurring Revenue

Camcloud's open and secure platform is designed for homes and small businesses — making video surveillance convenient, affordable and secure for clients and partners around the globe.

Security camera owners can easily connect their cameras to the cloud, while leveraging mobile apps, health checks and notifications to ensure constant uptime.

Our solution eliminates the need for complex and expensive on-premise hardware, while providing powerful mobile and web applications to manage stored media and cameras from anywhere.

Cloud Storage	Open Device Support	Plug & Play Camera Setup	Multi-Site	Edge Storage	Camera Health Checks and Alerts

Why Camcloud?

- Convenient, reliable cloud video surveillance
- Connect any camera to our service
- No on-site hardware required
- Beautiful, easy-to-use web and mobile apps
- Use our web portal, Android or iOS apps to configure, manage and deploy your cloud cameras
